INTERSTATE COMMERCE COMMISSION

[Finance Docket No. 32607]

WFEC Railroad Company—Construction and Operation of a Rail Line in Choctaw and McCurtain Counties, OK

WFEC Railroad Company has petitioned the Interstate Commerce Commission (Commission) for authority to construct and operate a 14.3 mile rail line in Choctaw and McCurtain Counties, OK. The Commission's Section of Environmental Analysis (SEA) has prepared an Environmental Assessment (EA). Based on the information provided and the environmental analysis conducted to date, this EA concludes that this proposal should not significantly affect the quality of the human environment if the recommended mitigation measures set forth in the EA are implemented. Accordingly, SEA preliminarily recommends that the Commission

impose on any decision approving the proposed construction and operation conditions requiring WFEC Railroad Company to implement the mitigation contained in the EA. The EA will be served on all parties of record as well as all appropriate Federal, state and local officials and will be made available to the public upon request. SEA will consider all comments received in response to the EA in making its final environmental recommendations to the Commission. The Commission will then consider SEA's final recommendations and the environmental record in making its final decision in this proceeding.

Comments (an original and 10 copies) and any questions regarding this Environmental Assessment should be filed with the Commission's Section of Environmental Analysis, Office of Economic and Environmental Analysis, Room 3219, Interstate Commerce Commission, Washington, D.C. 20423, to the attention of Michael Dalton (202) 927-6202. Requests for copies of the EA should also be directed to Mr. Dalton.

Date made available to the public: August 18, 1995.

Comment due date: September 18, 1995.

By the Commission, Elaine K. Kaiser, Chief, Section of Environmental Analysis, Office of Economic and Environmental Analysis.

Vernon A. Williams,

Secretary.

DEPARTMENT OF LABOR

Employment Standards Administration; Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29

CFR Part 1, by authority of the Secretary of the Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedures thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by

writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Divisions, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.
